## Relevant Experience

---

### Frontend Developer | Connect Lab, Gujarat

(Oct 2021 - Present)

As a front-end developer at Connect Lab, I've created multiple mental health-related websites with pixel-perfect responsive designs using ReactJS, HTML, CSS, and JS. I also optimized pages for SEO and built dynamic email templates with SendGrid, resulting in a significant increase in site traffic and user engagement by 50% and 25%, respectively. My contributions showcased my front-end development skills, attention to detail, and ability to drive results, making me a valuable asset for any corporate setting.

### UI Developer | Collaberus Technologies

(Feb 2021 - May 2021)

I developed and managed elegant, informative websites using Bootstrap and collaborated with designers to ensure responsive and visually appealing layouts.

## Personal Projects

---

### Google Keep Clone

Link: <https://googlekeepapp.netlify.app>

I developed a Google Keep clone that allows users to set titles and descriptions for their notes and add multiple notes. I created reusable React components, managed state and props, and implemented responsive design.

### Money Management Tool

Link: <https://moneymanagement.netlify.app>

I have created the Money Management Tool, a web-based application that helps users manage their finances based on the 50-30-20 rule of budgeting. Users can edit and delete existing notes, and the application provides data storage to keep track of the user's financial history and progress over time. Through the development of this application, I have gained expertise in web development, data storage, and financial management principles.

## Skills

---

Languages: HTML, CSS, and JavaScript

Frameworks: Bootstrap, Tailwind CSS

Library: ReactJS, Material UI

Preprocessor: Sass

Development Tools: Visual Studio Code

Version Control: Git

Designing Tools: Figma

CMS: WordPress UI (Elementor)

## Education

---

BSc (Non-Medical) | JCD Memorial College, Sirsa

Aggregate: 70% | (2017-2022)

Class XII (CBSE) | Ch. Harpal Singh Convent Sr. Sec. School, Ellenabad

Aggregate: 64% | (2017)
